Syllabus is suitable to the course.					
Syllabus is need based.					
The course/syllabus has good balance between theory and practical.					
The course/programme of studies carries sufficient number of optional/elective subjects.					
The books prescribed/listed as reference materials are relevant, updated and appropriate.					
You are given enough freedom to contribute your ideas on curriculum design and development.					
Board of studies is taking care to ensure the currency and relevance of the programme offering.					
The institute efforts to impart additional skills in the students are sufficient.
